CIRCULAR

Date: 01.08.2018

From The Head Department of biochemistry	To All HODs All Department Students
---	--

It is our pleasure to inform you all that the Department of Biochemistry has planned to conduct a certificate course on “**Biochemistry in Day to Day Life (15BCCC01)**” this semester. The course will commence from 04.09.2018 and the duration of this course is for 30 hours. So, we welcome the interested students to enroll their names to the course coordinator. This certificate course will be conducted after the regular class hours (4:15 to 5:15 PM). The certificate will be provided to the successful candidates at the end of the course.

Interested students are advised to contact the following course coordinator for registration

Dr. S. Vadivukkarasi
Assistant Professor

DEPARTMENT OF BIOCHEMISTRY

VALUE ADDED COURSE

The Department of Biochemistry was started in the year 1995 by offering UG course and expanded to offer PG and research courses such as M.Phil and Ph.D. The college has been promoted as an Autonomous institution in the year 2009 and the department offers various courses based on the local needs. Since 2016, the Department of Biochemistry offers certificate courses for the benefit of other department students. The Certificate Course offered by the Department of Biochemistry is

☞ Biochemistry in Day to Day Life

- Duration of the certificate course – 30 hours/semester

Biochemistry in Day to Day Life

Biochemical reactions form the basis of every physiological function, normal or abnormal in the living system. Understanding the life processes, normal or pathological is impossible without Biochemistry. Biochemistry forms the basis of all natural sciences and particularly the clinical sciences. Biochemistry in Day to Day Life certificate course educates the students to learn about basics about process of life especially to the non science students.

Course Objectives:

- To provide the basic knowledge about biochemistry in everyday life
- To absolutely know how Life arise from lifeless chemicals and what makes a living being
- Explore the impact of biochemistry on bio-energy and health

At the end of the certificate course, a certificate will be issued to those who successfully completed the course.

15BCCC01

BIOCHEMISTRY IN DAY TO DAY LIFE

Course Objectives:

The course aims

→ To provide the basic knowledge about biochemistry in everyday life

Total Hours: 30

UNIT	CONTENTS	HOURS OF EXECUTION
I	Introduction to Biochemistry: Definition, Fundamental concept of Life, Importance of Macromolecules (Carbohydrates, Lipids, Proteins) for life.	6
II	Biochemistry in kitchen: Nutrition and associated disorders. Balanced Diet. Vegetables, Fruits and Spices as medicine. Food contaminants and toxins. Food adulteration.	6
III	Basic Diagnosis in Home: Measurement of body weight, blood pressure monitor, blood glucose by glucometer and pregnancy test.	6
IV	Biochemistry in Agriculture: Biofertilizers-Composition, Preparation and Applications. Organic farming-Basics and importance. Plant food poisoning-elementary details.	6
V	Basic medicines and treatment: First aid management in accidents and natural disasters. Cardiopulmonary resuscitation (CPR)-Basics and applications during emergency. Basic treatment for fire accidents.	6
