

2.6.1 Programme outcomes and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students

Response

Programme Educational Objectives(PEOs), Programme Outcomes(POs), Programme Specific Outcomes(PSOs) for each programme, course objectives and Course Outcomes(COS) for each course are prepared after several meetings conducted at departments, institution level meetings and Board of Studies(BOS). The various components of curriculum are designed based on Outcome Based Education(OBE).

The BOS members are appointed from the University, Premier Institutions, Industries along with senior faculty members from the department and an alumni member.

The Department Advisory Committee prepares the templates for course objectives and course outcomes based on the Revised Blooms Taxonomy.

The course outcomes are mapped for each theory and practical course with programme specific outcomes.

The faculty members are allotted for their specialized subjects and they prepare work plan, detailed course plan and lesson plan which are made available to the students through intranet.

The feedback of various stakeholders such as students, parents, alumni, faculty members and employers are obtained and analyzed before performing a major revision in the syllabus. It is ensured that the curriculum of each program is aligned with vision and mission of the department as well as institution. The suggestions from the stakeholders and experts are incorporated in the final version of curriculum.

The entire curriculum along with POs, PSOs and COs are displayed in the college website.
